Chapter 1 by Nixon Hendrix

Selena, hurry up it's almost eight-at-clock, the restaurant is gonna be angry at us - says James loudly while grabbing his keys and checking his pockets

Are you gonna continue to shout at me? - screams Selena while brushing her hair in front of the bathroom mirror

She's impossible -mutters the older son John

Don't say that, she's your mother - says James quietly and seriously while opening the house's door

She's my mother? - says James with a sarcastically look of suprise - she never acts like such

It's disrespectful to say that John, now take your brothers to the car and put the seatbelts on them while i go get your mother - says James while going up stairs

John's starts asking a lot of questions inside his mind, "Why does he not see that she's a monster?" "Why did he marry her?", John sometimes wonders why he never ran away, then in less than a second he remembers the answer, his step-dad, as much as John loves and considers him his real father, James married Selena 4 years after she gave birth to John
